AFTER THIRTY YEARS.

St. Petersburg, Fla., Sept. 15.—L. P. Klutts had a remarkable experience this afternoon, and one that will doubtless be interesting to medical men. In one of the battles in Virginia, during the war, he was wounded in the hip with a minie ball, the missile partly burying itself in the bone. The bullet could not be removed, and the wound healed over. This afternoon, as Mr. Klutts arose from his chair, the bullet, which had been carried for over thirty years, dropped out. It was mashed out of shape, and had particles of bone adhering to it. Klutts felt no pain when the bullet dropped, and the hole in the hip, whence it came is not at all sore.—St. Louis Globe-Democrat.

MURDERED HIS WIFE.

Yesterday word was brought to the sheriff by some of the residents of the Shady Grove settlement, southwest of town, that a negro who had separated from his wife about a year ago had murdered her Sunday night.

In the still watches of the night the few scattered neighbors were scattered from their slumbers by the report of a shotgun, and upon investigating it found the negro woman dead.

Some one came in to see the sheriff and ascertain if a coroner's inquest must be held before the body could be buried.

The murderer is still at large, but will probably soon be lodged in the Marion county jail.

ADVERTISING PAYS.

A newspaper has at least 5000 readers to 1000 subscribers. A merchant that puts out 1000 handbills gets possibly 300 or 400 people to read them. The handbills cost as much as a good advertisement in a home paper. All the women and girls and half the men and boys read the advertisement. The merchant who uses the newspaper has 4500 more readers.

There is no estimating the amount of business that advertising brings to a merchant, but that each dollar invested brings a good return there is no doubt.—Ex.

Dr. Smith says the health of the city is very good. He attributes the healthy condition of the town to the bountiful rains we have experienced.

The cigar business at Marti City has begun to pick up. Considerable tobacco has been withdrawn from the warehouse of late. The custom house men say the business at Marti this winter will be fully up to that of last winter.

The instruction in music comprises pipe organ, piano, violin, voice and theory; the art course includes work in pencil, crayon, charcoal, oil color and water color, from nature and from copy, including portraiture.
